To our Consignors:

Sallywag's Consignment Furniture is in its tenth year of business. We have established ourselves as the premier furniture consignment store in Western North Carolina and created a steady flow of customers throughout the year. We do not rely on tourists for the majority of our business.

We price items to move quickly and offer our consignors a lot of exposure and advertising for the items they want to sell. Consignment has proven itself a successful and easy way to sell your furniture and décor.

Sallywag's has adopted the following policies to help keep the store running smoothly for consignors and staff alike:

We do not bargain with your furniture on the buyer end of the sale. Once we have accepted a piece into the store, we feel that it is priced fairly and will not deviate from the listed prices unless we discuss it with you first.

We accept consignments without appointment for your convenience. Any consignments that are dropped off after 4 pm. or on excessively busy days may not get priced while you are present in the store. Your contract may even be dated a day or so in the future if we are very busy in the warehouse. We will email you a price list as quickly as we can. After we send your item list, we assume that our pricing is agreeable to you unless we hear otherwise. We begin selling your items immediately.

If you do not have email, you need to contact Sallywag's within a day of your contract date if you want to know the prices we have assigned to your items. We will not call you.

Clean Sells! A cleaning and/or repair fee of \$20 per hour will be deducted from your account if your consignments need either. Give us your best and we will give you our best. We may not accept dirty or broken merchandise.

We do not notify you of sales, available checks, or contract end dates. As our partners in business, all we ask you to do is to keep track of the date that your contract ends and pick up the items that have not sold.

Checks are ready for pick up on the 5th of every month.

You can track your sales of merchandise from our web site. Go to www.SallywagWeb.com, under the "More Information" tab, click "Consignor Log-In". On the next page use your whole email address as both your ID and your password. When your personal page opens, click on "Transaction History". Here you will see only sold items for the current month. This page clears at the end of each month and begins tallying up for the next month.

You must notify us at least one day in advance that you are coming to retrieve your unsold goods. We need this time to pull your items and have them ready for you.

Items left past the last pick up date marked on your contract may be sold or donated by Sallywag's with no further payment due you. If your items are donated, you can ask us for a donation receipt for tax purposes.

Pick-up

We do not have the necessary equipment or staff to accommodate most pick ups. We can connect you with reputable companies in the community that will give you a fair price for pick up of your items and who have the necessary equipment to do it safely. It is up to you to make contact with these companies and negotiate the fee.
